# MARCUS DALY'S BID FOR GALTEE MORE.

Cables Mr. Gubbins an Offer of \$125,000 and Half His Turf Winnings.

W. B. Mcdonough's Celebrated Offer for Ormonde Recalled by Mr. Daly's Action.

Improbable That the Irish Sportsman Will Part with the Winner of the 1897 Derby-Mr. Daly Would Retire the Animal After One or Two Seasons.

Chleago, June 23.—Marcus Daly, the big Montana copper king and turfman, en oute to Butte, stopped over in Chicago one hour yesterday, just long enough to make were disposed of yesterday, and to-day the

Galtee More, Winner of the 1897 Derby.

a sensational bid for a thoroughbred horse. The following brief cable tells the story:

Will give \$125,000 cash and half his turf winnings for Galtee More. [Signed.]

MARCUS DALY, Bitter Creek Stud Farm, Montana "I want Galtee More because I think he is the greatest thoroughbred of the age," said Mr. Daly in speaking of the offer. "I know the stock he comes from, and his

progeny should be as valuable as his ancestry. I would not care to race him much.

I would retire him to Bitter Creek stud after a season or two on the track." Gaitee More is a whole brown, without any white marking whatever. He was bred by his present owner, Mr. Gibbins, at the Knocknany stud in Ireland and is the first horse either bred or owned by an Irishman to win the turf blue ribbon. Galtee More is a descendant of Doncaster, who won the Derby in 1872. Later his son, Ben d'Or, won, In 1885 the latter son, Ormonde, was successful, and this year his great-grandson. Galtee More was first past the post, the sire of the latest winner being Kendal, a son of Ben d'Or. Robert Peck paid \$50,000 for Doncaster, and resold him to the Duke of Westminster for \$75,000; the latter sold his grandson, Ormende, to Don Juan Boc Can for \$100,000, and his other grandson, Kendal, both bred in the same year, to Mr. Gubbins for \$5,000. Don Juan resold Ormonde to Mr. McDon-

ough for \$150,000, and Mr. Gubbins sold Kendal to the Bruntwood stud for \$175,000.

Large as is the offer that Mr. Marcus Daly has made for Mr. Gubbins's Derby and Two Thousand Guineas winner, the chances are that the old Irish sportsman will not accept it. In actual fact he has already refused a larger offer of actual cash for the son of Kendal, £30,000, though in that case no offer was made of turning over half of the colt's winnings. The name of the man who made this tremendous offer was not published, though it was stated in the English papers that it came from the "South African Group." Previous to that Mr. Gubbins had been offered £25,000 before the Derby, and is said to have replied that he "might consider such an offer if Sam Darling were allowed to keep the horse and train him." Nothing more came

Galtee More, who is by Kendal, out of Morganette, was bred by Mr. John Gubbins at his estate of Knockany and Bruree and gets his name, which Irishmen say should, strictly speaking, be spelled Galti Mor, from the "Big Hill" that stands back of the property. Mr. Gubbins has been racing through a long period of years. out never won a classic race till this year. He was so ill during the Winter that it was feared that his death might disqualify the colt for the Derby and his other engagements. Galtee More was the first Irish Derby winner.

Galtee More's future engagements, already made, make it possible for him to win a very considerable sum of money. They are as follows:

win a very considerable sum of money. They are as follows:

Sandringham Cup, of £500 added to a sweepatakes of £200 each subscriber, half forfeit; ten subscriptions. June 25, at Sandown Park.

St. George Stakes, of £2,000. July 19, at Leleester.

Durham County Produce Plate of £1,500. August 18, at Stockton.

St. Leger Stakes, of £25 each £240 subscriptions. September 8, at Doncaster.

Sandown Poal Stakes, of £2,000. October 21, at Sandown.

Resides these stakes Galtee More was wrongly nominated for two other rich stakes, and is therefore ineligible. Nextycar, if he holds his form and trains on, it looks as if the horse could surely win from £12,000 to £20,000, without going into handleaps at all. The above stakes represent a possible aggregate earning of about £12,000, so that Mr. Daly's offer might represent a sum of about \$185,000 or area. \$12,000, so that Mr. Daly's offer might represent a sum of about \$185,000, or even more, to Mr. Gubbins. Of course, Galtee More's earnings would also diminish his cost to Mr. Daiy, and buying the horse at such a figure at the present time would not represent an outlay such as Mr. W. O'B. Macdonough made when he paid \$150,000 for Ormonde, after that horse had not only passed his racing days, but had been comparatively discredited by being sold out of England by the Duke of Westminster.

# Turf Notes.

P. J. Dwyer had the pleasure of seeing a rat-tling trial over five furiongs between Hamdhali and Handpress. The former had the best at the end by about a neck. The time was 1:02 1.5. Handball carried at least a dozen pounds more than Handpress.
